Title of the work
Minotaur/Bantengan Series

Synopsis

Tony and Brendan will continue their investigation into the trance practice of Bantengan of Batu, in collaboration with Agus Rianto and the local community in Pujon, Malang. Minotaur/Bantengan will draw from eastern and non-eastern traditions of the ecstatic body.

Minotaur/Bantengan will be a series of frameworks – labyrinth - for the expression of the force in the unbridled force of the a half-man half-bull creature. The labyrinth is a metaphor for the means of hiding the minotaur.
