Dear Dr. Ranjith,

I hope this email finds you well. I am writing to inform you that I have successfully completed the revisions for my article titled "Architectural Adaptations and Spatial Reconfigurations for the Ngerebeg Dance Performance in Pura Dalem Kangan, Indonesia," in accordance with the feedback provided by the reviewers.

I have carefully addressed the comments and suggestions made by the reviewers, ensuring that the article now reflects a more comprehensive and refined analysis of the transformative processes involved in the Ngerebeg dance performance. The revisions encompassed various aspects, such as providing more context for the transformation techniques employed, findings, elaborating on the new functions and meanings of the architectural spaces, and offering in-depth explanations to support the presented data. I have also compressed the image size in my article so that the file size can be smaller.

With these revisions, I believe the article now better showcases the significance of architectural adaptations and spatial reconfigurations in the context of the Ngerebeg dance performance, shedding light on the intricate relationship between traditional architecture, performing arts, and cultural heritage.

I would like to express my sincere gratitude for the valuable feedback and guidance you provided throughout the review process. Your insights have been instrumental in enhancing the quality and clarity of the article.

Kindly find the revised manuscript attached to this email for your review. I eagerly await your feedback and approval, and I look forward to the next steps in the publication process.

Thank you once again for your support and consideration. Should you require any further information or have any additional suggestions, please do not hesitate to reach out to me.

Warm regards,
Ida Ayu Wimba Ruspawati
