Menampung Arus, Menjelajahi Kemungkinan

Pameran seni rupa dengan tema Pasisi Langu: Gate to Transition merupakan rangkaian program Berawa Beach Arts Festival (BBAF) yang dirancang sebagai event tahunan. Dengan menempatkan karya-karya seni rupa di dua lokasi yang berbeda yakni pesisir pantai sekitar Finns Beach Club untuk pajang patung dan seni instalasi serta meeting room Lv8 Resort Hotel sebagai ruang pamer lukisan, maka sesungguhnya pameran ini secara pragmatis merupakan ikhtiar mendayagunakan ruang-ruang pamer seni rupa non-konvensional (satu istilah yang membedakannya dengan ruang pamer konvensional, semisal, galeri dan museum seni rupa).

Tahap lebih lanjut dari pokok soal pameran ini sekurang-kurangnya bisa dibaca bagaimana ruang pamer non-konvensional dilihat tidak hanya sekadar sebagai ruang fisik semata, tetapi pada saat yang sama juga menjelma menjadi ruang- immaterial yang berupa ruang imajinasi, sebagai situs yang dihayati seolah sebagai ruang persemayaman, dimaknai sebagai rumah batin. Dengan demikian, ruangnon-konvensional bukan hanya perihal tempatan fisik semata tetapi juga merupakan tempatan ingatan dan aspirasi yang dipantulkan oleh karya-karya seni yang dipamerkan.

Yang hendak dipresentasikan dalam projek ini adalah ikhwat sebuah desain pameran yang berusaha mengantar karya-karya seni rupa yang ditampilkan mendapatkan ilusi eksternalnya melalui jalinan dua kenyataan sekaligus: kenyataan budaya pesisir Kuta Utara yang terbuka, egaliter dan dinamis, terutama lewat pengaruh industri wisata yang sedang berkembang di kawasan ini di satu sisi, serta kenyataan dinamika ruang pamer non-konvensional di sisi yang lain. Keterhubungan dengan dua kenyataan ini membawa implikasi yakni memberikan kesempatan pada seni untuk membuka diri seraya menampung arus dari luar sehingga siap menjelajahi kemungkinan yang begitu kaya dalam aspek praktik dan pemikirannya. Dari sinilah agaknya, kita bisa melihat peristiwa kesenian sebagai sesuatu yang terjadi dengan segala aksidennya dalam suatu kesatuan yang koheren dan mengandung makna.

Mungkin sekali dalam konteks semacam itulah pameran ini turut meluaskan dan menghidupkan ekosistem seni rupa yang lebih inklusif. Menghadirkan semacam etos yang melonggarkan prasangka-prasangka akibat kerumitan birokratisasi yang berlangsung dalam seni rupa. Kami berharap, pameran ini hadir memberi kemanfaatan kepada khalayak untuk senantiasa mengembangkan wawasan pengetahuan seninya.

Akhir kata, kami menyampaikan terima kasih yang mendalam kepada semua pihak yang telah mendukung terselenggaranya pameran ini.

Salam Hormat,

I Ketut Putrayasa | Inisiator BBAF

BERAWA BEACH ARTS FESTIVAL

Pasisi Lango "Gate to Transition"

Bali telah dikenal luas dengan kekayaan khasanah budayanya yang dilandasi nilai-nilai Hindu, di dalamnya kesenian sangat terkait dengan entitas religi. Seni menjadi bagian inheren kehidupan religi (keagamaan), dinyatakan bahwa "agama adalah seni dan seni adalah manifestasi dari agama (Hindu) itu sendiri". Bali memiliki akar tradisi yang berlandaskan nilai-nilai ajaran Siwaisme (Hindu), dan kebudayaannya terus tumbuh seiring dengan perkembangan zaman.

Perkembangan tersebut menunjukkan adanya kesinambungan nilai-nilai tradisi, yang menjadikan kebudayaan Bali memiliki identitas yang begitu kuat; terepresentasi dalam berbagai bentuk-bentuk kebudayaan. Representasi identitas yang dimaksud, juga menunjukkan adanya pertalian antara nilai-nilai tradisi dan budaya masa kini. Pertalian tersebut diyakini dapat mempertahankan identitas budaya ketika berinteraksi dengan modernitas, hal ini menjadi kekuatan tersendiri hingga menjadi sebuah gerakan estetis. Masuknya para wisatawan manca negara ke Bali sejak awal abad ke 20 membawa arus modernisasi berjalan begitu pesat, seiring dengan pertumbuhan pariwisata yang berbasis pada budaya tradisional. Kebudayaan Bali yang beridentitas itu pun secara perlahan tumbuh bertalian dengan pertumbuhan budaya pariwisata (meminjam dari Picard).

Nilai identitas tersebut, merupakan bagian dari kontinyuitas nilai-nilai masa lalu dalam menghadapi perkembangan zaman. Dengan mempertahankan kontinyuitas, sebuah kebudayaan dapat menempatkan diri dalam berinteraksi dengan kebudayaan dan identitas lain dalam kancah komunikasi antar budaya (kebudayaan global). Pariwisata budaya membuka pertemuan silang budaya global. Keberlanjutan budaya yang tercermin dalam identitas, adalah kekhasan sumber daya yang dimiliki Bali dan jarang dimiliki oleh kebudayaan di daerah lainnya. Merupakan modal kultural (*cultural capital*) yang kaya akan potensi, karena didasari oleh kreativitas (seni), dan ditopang oleh *social capital* berupa sistem adat yang didasari oleh kebersamaan (*ngayah*).

Perkembangan kebudayaan Bali meretas persepsi tentang tradisi, yang dianggap mewakili kondisi yang stagnan dan statis menghambat kondisi modernitas. Fenomena Bali menunjukkan kenyataan bahwa tradisi senantiasa mengalami dinamika dan evolusi, dikarenakan berbagai aspek sosial yang mempengaruhi masyarakat pendukungnya. Kemampuan untuk berkembang dalam kontinyuitas budaya dan pijakan tradisi yang ditunjukkan kebudayaan Bali.

Dalam hal perkembangan pariwisata, Bali tidak dapat dilepaskan dari peran kawasan pesisir. Sebagai kabupaten yang merupakan pintu gerbang pariwisata Bali, Badung memiliki banyak pantai yang eksotis dan potensial. Pantai-pantai ini telah menjadi destinasi yang sangat tersohor di dunia internasional dan telah tertata dengan baik, begitu pula dalam membangun pariwisata berbasis komunitas. Seperti keinginan dari masyarakat kawasan Tibubeneng – Kuta Utara untuk mengembangkan pariwisata berbasis komunitas, sehingga tercetuslah ide untuk mengadakan festival bernuansa pesisir. Dengan nama **BERAWA BEACH ARTS FESTIVAL** dengan tema **Pasisi Lango "Gate to Transition"**. Dilandasi dengan konsep memberdayakan masyarakat setempat serta diharapkan memiliki dampak promosi pariwisata bagi kawasan Brawa, Desa Tibubeneng – Kuta Utara. Adapun tujuan dari even ini sebagai berikut:

1. Menumbuhkan aktivitas kreatif bagi masyarakat pesisir di dalam memaknai kehidupan sosial di dalam hubungan persilangan antar kebudayaan. Sehingga dapat tumbuh kesadaran dan kemandirian masyarakat di dalam mengelola nilai-nilai adat dan tradisinya, dan dapat bertransformasi sesuai kepentingan pariwisata budaya.
2. Memberikan ruang, berbagai kemungkinan transformasi dan kreasi yang inovatif dengan bahasa ungkap personal maupun komunal; melalui pengalaman estetik di dalam memaknai hubungan silang kebudayaan dalam konteks peradaban pesisir Kuta Utara. Sehingga masyarakat dapat lebih mengembangkan potensi serta promosi pariwisata di daerahnya melalui penggalian nilai-nilai kearifan kebudayaan pesisir.
3. Memberikan serta menawarkan ragam keunikan ekspresi kebudayaan kepada apresiator/pengunjung (wisatawan), yang bersumber dari nilai-nilai kebudayaan masyarakat pesisir Bali.

Pasisi Lango "Gate to Transition"

Segara (laut), Gunung atau Hulu, dan Teben, (Pasir-Wukir oleh Dang Hyang Nirartha) di Bali, telah menjadi konsep penyatuan yang tidak terpisahkan dari kehidupan religi dan budaya, serta tercermin dalam kehidupan sosial masyarakat. Konsep Nyegara-Gunung adalah bagian penting dalam prosesi penyempurnaan penyatuan Panca Maha Bhuta, dalam alam Mikrokosmos (badan manusia) dengan alam Makrokosmos. Kegiatan ini mengambil tema Pasisi Langu karena spirit pelaksanaan yang digali dari semangat budaya pesisir (*pasisi*), yang pada umumnya mencerminkan sikap egaliter, terbuka, dan penuh kehangatan.

Disematkannya **Pasisi Lango** juga dimaksudkan untuk memaknai konsep pesisir yang lebih terbuka dan egaliter, menjadi semacam pintu masuk bagi kehadiran entitas dan kebudayaan dari luar. Pesisir Bali telah lama menjadi lokus yang berperan vital khususnya dalam perkembangan pariwisata. Daerah-daerah seperti: Kuta, Jimbaran, Nusa Dua, Tanjung Benoa, Sanur, belakangan kemudian Canggu, Tanah Lot dan sekitarnya di Tabanan, Amed dan Tulamben di Karangasem, telah menjadi daerah destinasi pariwisata. Pesisir-pesisir itu telah menjadi pintu-pintu bagi berkembangnya perekonomian dan sekaligus interaksi budaya. Di tonggak-tonggak pintu masuk itu, juga berlangsung pergulatan perihal kebertahanan budaya Bali ketika terjadi interaksi budaya yang multikultur. Sedangkan konsep "Langu" sendiri berasal dari bahasa Jawa Kuno yang mengacu kepada hal-hal estetis.

Pergulatan kebudayaan tersebut telah melahirkan berbagai transisi. Pasisi Langu mengangkat nilai-nilai transisi silang budaya tersebut, di dalam gelaran yang bersifat kolaboratif. Untuk program seni rupa akan menghadirkan karya-karya seni rupa yang terwadahi dalam pameran dan *Site-art Project*. Kondisi tersebut dapat tercermin melalui kehadiran para perupa dari lintas batas geografis yang dihadirkan (diundang) dalam pameran ini. Mereka hadir dengan interpretasi visual yang berbasiskan pada nilai-nilai kebudayaannya masing-masing, latar budaya tersebut tentunya turut mendasari kekaryaan mereka. Dalam konteks itulah dapat dimaknai adanya keterkaitan nilai tematik, terhadap tema *Gate of transition* tersebut. Adapun karya-karya yang dihadirkan meliputi: seni lukis, patung, *art installation*, yang merespon ruangan dalam (*indoor*) dan ruang luar (*outdoor*). Program pameran seni rupa juga dimaksudkan menjadi bagian dari upaya membranding Festival secara nasional dan internasional. Terutama melalui keterlibatan perupa-perupa yang dipilih melalui sistem kurasi oleh kurator Rizki A. Zaelani dan Wayan Seriyoga Parta.

Pameran akan diikuti oleh perupa Lokal dan Nasional. Pameran terdiri dari pameran seni lukis di Lv8 Resort Hotel, yang diikuti oleh: **Nyoman Erawan, Agung Mangu Putra, Made Budhiana, Made Djirna, Chusin Setyadikara, Nyoman Sujana (Kentem), Ida Bagus Putu Purwa, Made Alit Suaja, Agus Sumiantara, Ngakan Arta Wijaya (Npaw), Wayan Upadana, Iwan Yusuf, Watoni, Isa Ansory, Suwandi Waeng, Tatang B.Sp, Fadjar Djunaidi.** Dan pemeran Sculpture on Beach bertempat di Finns Beach Club, diikuti oleh: **Ichwan Noor, Teguh A. Priyono, Titarubi, Hedi Hariyanto, Putu Sutawijaya, Putu Adi Gunawan, Nyoman Adiyana "Ateng", Ismanto Wahyudi, Ketut Putrayasa, Wayan Setem, Willy Himawan.**

Brawa Beach Arts Festival juga akan menampilkan seni pertunjukkan (*Performing arts & Music*) berupa: garapan tari dan komposisi musik yang mengangkat nilai-nilai pesisir Kuta Utara. Juga akan diangkat berbagai jenis panganan lokal yang telah mulai terlupakan di dalam *Food & Beverage corner*. Gelaran kebudayaan ini adalah Festival Kesenian Masyarakat Pesisir khusus daerah Kuta Utara. Gelaran ini bertujuan mengangkat nilai-nilai kearifan kebudayaan masyarakat pesisir Bali Selatan terutama di desa Tibu Beneng dan sekitarnya. Kehidupan masyarakat pesisir sebagai nelayan, telah lama menjadi penyanga konsumsi ikan masyarakat Bali, tentunya memiliki kearifan tersendiri. Nilai-nilai inilah yang akan diangkat dan dieksplorasi di dalam gelaran kebudayaan yang bertema **Pasisi Lango "Gate of Transition"**.

Kegiatan ini tidak hanya menjadi ajang kreativitas para seniman, tetapi juga ruang kreativitas kolektif yang melibatkan masyarakat sekitar. Jadi sesungguhnya gelaran ini dapat dimaknai sebagai sebuah Festival Kebudayaan Pesisir daerah Kuta bagian Utara. Gelaran besar festival kebudayaan pesisir juga menjadi pintu masuk bagi interaksi kebudayaan antar bangsa. Menimbang daerah ini telah menjadi destinasi pariwisata global, masyarakat dari berbagai penjuru dunia telah hidup bersama dengan masyarakat lokal di daerah ini. Sehingga daerah Brawa Tibubeneng ini telah menjelma menjadi *Global village*, karena itulah tema yang disematkan adalah *Gate of Transition*.

Konsep transisi bisa menyiratkan kondisi yang berada "di antara" (*in between*), persilangan berbagai hal dalam konteks sosial-budaya. Transisi menyiratkan kondisi-kondisi di antara berbagai "perubahan" atau "perkembangan". Perkembangan itu terjadi dalam medan atau ruang *pasisi*, di dalam perkembangan itu bisa dilihat bagaimana kebudayaan berinteraksi dan mengakomodir berbagai pengaruh dan perubahan. Dan disaat yang sama juga tetap berusaha mempertahankan konsep-konsep yang telah mengakar dalam kebudayaan yang telah dianut dan mentradisi.

Fenomena transisi itu dapat dilihat dalam representasi kesenian; seni rupa dan seni pertunjukkan dan juga pada kuliner yang dihadirkan dalam kegiatan ini. Di dalamnya karya-karya yang dihadirkan kita dapat melihat aspek-aspek kebudayaan yang telah mentradisi mengakomodir berbagai pengaruh, dan melalui daya kreativitas seniman nilai-nilai itu berkembang menjadi karya-karya yang inovatif.

Wayan Seriyoga Parta

(Kurator & Konseptor BBAF)

BERAWA BEACH ARTS FESTIVAL

Pasisi Lango - Menata Yang Terbuka

Istilah pameran—sebagaimana dikenal oleh para seniman, kurator, kritikus, atau kolektor seni rupa— sering kali tak sama artinya bahkan ‘bayangan tentangnya’ sebagaimana ada dalam benak masyarakat luas. Sebuah lukisan atau patung, meski telah dikenal sama di banyak orang, tetap saja akan menjadi berbeda ketika karya-karya tersebut dipamerkan dengan cara-cara yang khusus. Lukisan atau patung itu menjadi ‘karya’ yang berbeda makna serta nilainya ketika dipamerkan secara khusus di banding ketika ditempatkan tempat yang lain (*artshop*). Istilah pameran seni rupa (*art exhibition*) pada kenyataannya telah menghidupi kebiasaan, tata cara, atau gambaran tentang hasilnya dalam sifat-sifat keutamaan (*privilage*) tertentu. Sebuah pameran yang disebut ‘penting’—dan dianggap demikian oleh para pelaku dan pendukungnya— karena dianggap memenuhi kaidah kebiasaan khusus sifat-sifat keutamaan yang dimaksud. Para seniman, kurator, kritikus, penulis dan sejarawan seni, juga para pecinta dan kolektor seni rupa, kini telah terbiasa mengenal ‘panggung’ dan situs khusus bagi sebuah kegiatan pameran yang disebut: galeri dan museum, lengkap dengan kebiasaan perayaannya seperti: kegiatan *art fair* atau *biennale*.

Pada prinsipnya, sebuah kegiatan pameran seni rupa tak cukup hanya memamerkan (menunjukkan) karya-karya seni rupa; lebih jauh, pun mengandung maksud untuk ‘menjelaskan’, ‘menghubungkan’, ‘menegaskan’, atau ‘melanggengkan’ hubungan yang mungkin terjadi antara sang pencipta (si pembuat, seniman) dengan para penikmatnya (apresiator, kolektor, atau publiknya). Hingga kini, tata cara, jenis, dan praktek pameran seni rupa terus berkembang dan ditingkatkan segi-segi pelaksanaannya sehingga mampu dan berhasil meraih target sasaran kegiatan yang paling maksimal. Tanpa terasa, peningkatan ‘kecanggihan’ kegiatan pameran (*sophisticated exhibition*) tersebut menjadikan makna sebuah pameran seni rupa seakan ‘tertutup’—terbatas pada lingkungan para pelaku dan pendukungnya yang mengenal dan mengerti aturan kebiasaan yang berlaku di dalamnya). ‘Ketertutupan’ semacam ini memang samar tapi tak jarang malah menghasilkan debat salah paham atau salah taksir di antara para pelaku dan pendukung seni rupa sendiri.

Para seniman dan karya seni rupa selalu punya cara agar tidak terjebak dalam situasi ‘ketertutupan’ asumsi atau kemungkinan perkembangan. Sejarah terus mencatat, selalu saja ada seniman dengan karya-karyanya yang berhasil membuka ruang-ruang kemungkinan ekspresi—termasuk juga dampaknya terhadap format, bentuk, atau kebiasaan dari sebuah kegiatan pameran. Contoh yang menonjol adalah karya-karya *performance art*, contoh yang lain adalah model karya-karya khas yang dikerjakan sesuai/ berdasar respon pada lokasi tempatnya ditunjukkan (*site specific project*). Pameran seni rupa yang mulai dikembangkan dalam Berawa Beach Art Festival (BBAF) adalah contoh bagi karya-karya yang kedua, atau secara khusus menyasar pembicaraan tentang ‘presentasi karya-karya tiga dimensional di tepi pantai’ (*sculpture by the sea*).

Wacana seni rupa memang sering kali lebih tertarik untuk menyatakan perihal kontras, atau menjelaskan relasi berwatak dialektis (ketimbang wataknya yang dialogis), mengenai perbedaan satu karya dibandingkan dengan karya yang lainnya untuk menyatakan kisah tentang ‘kemajuan’ atau ‘perkembangan.’ Demikian halnya dengan ‘wacana’ tentang pameran seni rupa, kecenderungan untuk ber-dialektis tak pernah bisa terhindarkan. Sebuah patung yang dikerjakan sebagai karya *site specific project*, misalnya, lalu dianggap lebih ‘maju’ atau disebut sebagai ekspresi ‘berkembang’ ketimbang karya patung konvensional yang ditempatkan di dalam sebuah ruang pamer. Pameran seni

rupa (patung) dalam BBAF ini ditegaskan tak hendak mencari-cari kontras, tapi justru hendak menemukan ruang-ruang dialog dan persamaan. Menempatkan sebuah karya (patung) di luar ruang tentu tak berarti ‘lebih’ dibanding menempatkannya di dalam ruangan—bahwa menempatkan sebuah karya di ruang publik mengandung tingkat kesulitan teknis yang lebih tinggi pun tak berarti sama dengan menyebutnya sebagai karya yang lebih ‘maju’ atau ‘rumit’. Yang hendak disasar pameran seni rupa di BBAF ini adalah usaha percobaan untuk mengenali kehadiran ‘ruang-ruang Yang terbuka’ dalam tradisi pameran seni rupa kita. Dari pada menjadikan soal pameran sebagai kondisi dari sebuah ‘ruang yang tertutup’ (dan mengasumsikan bahwa publik yang menikmatinya seharusnya adalah orang-orang yang layak mengerti); BBAF mencoba melihat potensi dari sifat keterbukaan interaksi antara karya dan publik umum sebagai model apreasiasi yang selalu ‘terbarukan’ dan ‘segar’.

Setiap karya tidak harus ‘disesuaikan’ dengan apa yang (diasumsikan) bisa diterima oleh publik umum; sebagaimana juga tidak harus ada cara saringan khusus yang menyeleksi jenis publik tertentu yang (dianggap) sesuai dengan karya-karya yang dipamerkan. Kemungkinan yang terbuka diantara potensi penerimaan publik dan potensi penciptaan karya seni rupa yang khas ini adalah kemungkinan dan tantangan bagi upaya metoda kerja penataan (pengurusan) pameran yang bisa dibayangkan sesuai. Membuat pameran di ruang yang bersifat publik, semisal ruangan-ruangan umum di dalam sebuah hotel, pada dasarnya juga sama dengan menempatkan karya seni rupa di ruang yang lebih umum—dalam perbandingan ini, sebuah ruang di galeri atau museum tentu adalah ruang ‘publik’ yang bersifat khusus dan relatif ‘tertutup’. Di sebuah hotel, tak semua orang (publik) memang bermaksud untuk menemukan karya-karya seni sebagaimana kebiasaan yang dipersiapkan secara khusus di sebuah ruang khusus pameran. Tentu saja, karya-karya seni rupa tertentu juga akrab dikenal di lingkungan hunian hotel dan sering disiapkan sebagai ‘dekorasi’ atau ‘sovenir’, pun tak selamanya setiap pengunjung secara khusus ingin memiliki kesempatan untuk menikmati atau memperhatikannya.

Membuat sebuah pameran yang dipersiapkan dengan baik di lingkungan hotel adalah cara untuk mengadirkan ritual khusus seni rupa di ruang publik (sebagaimana biasa dan semestinya dilakukan di lembaga galeri atau museum). Pasang surut kegiatan ‘pameran di Hotel’ memang telah mewarnai persepsi para seniman di Indonesia berkaitan dengan model presentasi pameran yang layak (atau tidak) bagi sebuah karya seni rupa yang diciptakan para seniman secara sungguh-sungguh. Ketika institusi galeri atau museum seni rupa belum lagi berkembang layak dan banyak di Indonesia, di sekitar tahun 1980’an, pameran di hotel justru adalah model pameran seni rupa yang paling prestisius. Persepsi semacam itu kini sudah berubah, bahkan bernilai terbalik. Pameran seni rupa di BBAF tidak tertarik lagi membicarakan soal di seputar kesan prestisius, atau tidak, semacam itu kecuali memahaminya sebagai potensi-potensi bagi perkembangan seni rupa yang selalu bisa terbarukan akibat perubahan sosial-kultural yang terjadi di Bali.

Pantai Berawa mungkin adalah contoh mengenai pokok perhatian kenapa kesenian dan budaya Bali [justru] menjadi menarik dan penting bagi perubahan dunia yang berlangsung global saat kini. Tentang pantai Berawa memang bukan soal suasana lingkungan alam tapi juga tentang tradisi dan budaya yang berkembang di sekitarnya — mengenai Bali, orang-orang di luarnya, mungkin hanya mengingat dua jenis gambaran lingkungan atau pemandangan mengenainya, yaitu: gunung dan sawah yang senyap serta damai, atau pantai-pantainya yang mempesona dengan segala gemuruhnya. Di sekitar pantai, mungkin juga tak orang Bali yang menganggap bahwa bentuk-bentuk ombak yang setiap kali datang itu akan memiliki bentuk dan pengaruh yang sama (meski juga tidak mustahil keadaan semacam itu mungkin saja terjadi). Cara hidup dan tradisi di sekitar pantai selalu mengingat soal perubahan yang senantiasa berlangsung setiap saat. Kekuatan tradisi yang hidup dan berkembang dalam kebudayaan Bali jelasnya tak pernah menganggap bahwa ada persitiwa atau keadaan yang akan terjadi

persis sama, selain perulangan-perulangan yang saling berhubungan satu dengan yang lainnya. Ekspresi kekuatan tradisi dalam kesenian dan budaya Bali saat kini, saya rasa, jadi semakin penting justru karena mampu mengajarkan bahwa tradisi mesti dipelihara dan dihormati bukan agar supaya seseorang (atau masyarakat) mesti jadi tetap dan tak berubah, melainkan agar memiliki kemampuan untuk mengenal makna dan keadaan dari perubahan itu sendiri.

Tradisi peristiwa BBAF, termasuk kegiatan pameran seni rupa di dalamnya, kini mulai dihidupkan dan hendak dipelihara karena pemahaman bahwa ekspresi kesenian di Bali (termasuk seni rupa) akan senantiasa berubah dan berkembang. BBAF mencoba untuk menjelaki sambil menata segala yang bisa kita pahami dari perubahan kondisi dan kehidupan di Bali. Tentu BBAF bukan hanya wadah untuk para pelaku dan penikmat seni rupa yang berasal dari Bali saja, melainkan seluruh pihak yang mungkin bisa terlibat karena sifat-sifat keterbukaan dalam praktek dan pemahaman seni rupa. Pada prakteknya, Yang terbuka dari seni rupa selalu bersifat samar dan sering kali tertutupi oleh pengakuan-pangakuan yang bersifat sepihak sehingga menjadi eksklusif serta tertutup. Publik umum adalah bagian dari sifat keterbukaan seni rupa; sebagaimana juga banyak gagasan seni rupa tercipta dari hasil perenungan para seniman tentang masyarakat dan lingkungannya. Pameran seni rupa dalam BBAF, bagaimanapun, tentu juga berasal dari tradisi seni rupa yang khusus juga khas, namun kini tengah mengambil kesempatan untuk belajar dari tradisi budaya yang hidup, terpelihara arif, sekaligus responsif terhadap perubahan yang terjadi di Bali.
